### Don't Put Off the Time for Ordering Motors and Pumps

Pumping equipment will be very scarce and many of you will be disappointed when April 1st arrives and no pumping equipment on hand. It is hard. It is hard to get material and it is reasonably certain that orders placed after November 1st will be unfilled when the hot days arrive.

### COUNCIL OF DESENCE BACKS UP HOOVERISM

Also Wants Restaurants to assist with movement that means Much to Nation at this time.

At the regular meeting of the Ontario Council of Defense held Wednesday evening a resolution was adopted endorsing the National Food Administration's effort to conserve food especially wheat and meat. To add Ontario to the list of communities that are doing their utmost to aid the government a resolution was prepared requesting the Mayor to issue a proclamation calling on all citizens to unite in this work, especially the hotels and restaurants.

To follow this up and translate it into actual accomplishment a committee was appointed to complete the war census campaign for food pledges and to determine just how many families in Ontario are refusing to Hooverise.

This, the Council believes, is one of the most important pieces of work it has to do, for it shows how much interest, if any, a citizen is taking in aiding the government win the war. The members of the committee which has the power to secure all assistance necessary is composed of the following: Dr. H. H. Whitney, I. J. Dickson, R. W. Jones, H. R. Douglass and Rev. W. M. Brown.

## THE UNIVERSAL INSTRUMENT

Thirty years ago the telephone was a luxury. Today, through personal initiative and private enterprise, it has become a necessity within the reach of everybody. Where once a business had but one telephone with a limited talking range, today that business has service with a range three-quarters of a continent broad, and every branch of every business is linked to every other by an intercommunicating telephone system. The telephone has earned its responsible place and there are now 8,000,000 Bell telephones in this country, over which go 28,000,000 talks daily.

Every Bell Telephone is a Long Distance Station.
